OPEN SPACE MEETING – June 12, 2023

Members Present: Messrs. Sabatini, Morytko, Duch, Raffay, Yappen; Mayor Rubenstein

Members Absent: Mr. Bonker **Also present:** Caitlin Phillips

Mr. Morytko called the meeting to order at 7:00 p.m.

OS Financial Status Report:

Reserve for OS- \$413,400.48 / Reserve for Debt Service- \$88,297.10

Mr. Morytko noted the debt service went down. Mr. Sabatini said the most recent expenses were from the trails.

Approval of Minutes – February 13, 2023 & April 10, 2023 Minutes

Mayor Rubenstein motioned to approve the minutes, seconded by Mr. Raffay. All were in favor.

OLD BUSINESS

Township Park Updates (Ash Tree Removal in CO Johnson and Tamarack Park / Basketball Court in CO Johnson Park)

Mr. Sabatini said ash trees at risk of coming down were removed along trails, the entrance to CO Johnson, the edge of Roseville Road, and Tamarack trail.

Mr. Sabatini said nothing is needed from the Open Space Committee for the basketball courts. The Council is proceeding with renovating the courts, with an estimate of \$75,000. Mr. Morytko confirmed this a replacement. Mr. Yappen noted concerns of inflation, since the tennis courts from a few years ago were \$50,000. Mr. Duch asked if the ground is uneven, since they need to regrade. Mr. Sabatini said there are cracks along the court, so it needs to be built up with stone at the base. Mr. Raffay noted this is one of the most-used facilities. He motioned to support this project, seconded by Mr. Yappen. All were in favor.

Mr. Sabatini noted the Council requested 4 benches be put outside the tennis courts. Bleachers also need to be removed and replaced for safety reasons, which will cost an estimated \$60,000. There was also Council discussion of CO Johnson Park playground updates. The bleaches needing replacement are seven sections at Neil Gylling and CO Johnson, for the football and baseball fields. Mr. Duch confirmed there isn't new construction proposed in this area. Mr. Yappen asked who said this needs to be done and why. Mr. Sabatini said this came up at their annual safety meeting; their risk manager inspected areas and found sections not in code that need to be removed immediately. Mr. Duch said he'd like to review the report before authorizing this. Mr. Sabatini noted there are possible additional requirements for the bleachers from the senator's office, so he wants to make sure the bleachers comply with what those requirements may be. Mr. Yappen confirmed some areas have a place to sit, and asked what the sports groups thought. Mr. Morytko said they understand the safety aspect, and he noted this adds value to the area. Mr. Sabatini said this is on the agenda for a Council meeting. There will be general leveling done to help with sightlines. Mr. Duch confirmed this can be installed without impact to other programs, and asked if they considered removing extra rows. Mr. Sabatini said they can't retrofit these—it's a risk and liability. Mr. Raffay noted the state has been after this for a while. The Committee noted their support for the bleacher project.

Grant Updates (Trail Building)

The Committee discussed the progress with trail marking at the Cranberry extension and the dog park. Mr. Sabatini said everything has been done for the grant project.

OLD BUSINESS

Approval of bow hunting on Open Space parcels

Mr. Sabatini said this doesn't address the deer population to an effective level, including the time to register people and manage everything. Mr. Morytko noted if there is an issue, it is likely with someone that hasn't registered. Mr. Sabatini said there were 18 people registered last year. Mr. Morytko said signage may help catch people's eyes, since it would be new. Mr. Duch added the New Jersey Conservation Foundation has signs now. Mr. Sabatini noted they've never given permission to hunt of the easement. Mr. Morytko said they should allow hunting except on Tamarack, and put up new signs that say "no hunting" for Tamarack. Mr. Duch said there should be signs in all the locations. Mr. Morytko said they can ask Heather what that would entail and provide a recommendation to the Council. Mr. Sabatini motioned for this to occur, seconded by Mr. Yappen.

Historical Society Grant Request

Mr. Duch said the trail building has been going well and asked how the grant is proceeding. Mr. Sabatini said the end items are at the County, with a main item being signs. They asked for what the appropriate signs would be because they've been trying to order them. The County hasn't provided what the signage should be, and this has been escalated a few times. If work is done with Green Acres funding, it needs to have their signage. The trails were blazed, and they need to schedule work on the Johnson parcels. There will be ongoing work for volunteers. Mr. Sabatini added that scouts have been working on a kiosk at Tamarack.

Mr. Duch said trails day with the Environment Commission went well. They spent 50 hours in planning and execution of the project, and had a great turnout with 15 volunteers.

Mr. Sabatini said for the grant request, it's the same as last year. They didn't use Open Space funds last year, and the Council approved up to \$6,000. They need to submit the application by the 13th or 14th, but haven't received anything yet. Mr. Sabatini said this round of funding is coming from the Open Space Committee, and is for a tourism grant. Mr. Yappen said the NJ Department of Travel and Tourism helps with historical projects. The Historical Society applied last year and received \$19,000, with Byram giving 25%. They do history-based events like Canal Day and have a fundraiser in September, along with a dragon boat race. He asked if there's a limit from the council for use of Open Space funds. Mr. Sabatini said the Council never articulated that.

OPEN TO THE PUBLIC

No one was there from the public.

ANY OTHER BUSINESS THE COMMITTEE DEEMS NECESSARY

None discussed.

ADJOURN –Motion by Mayor Rubenstein, second by Mr. Sabatini, to adjourn the meeting at 8:06 p.m. All members in favor. Motioned carried.
